the taxable oil and gas produced during the month by the following tax rates, as
applicable [RATE CALCULATED AS FOLLOWS]:

* Sec. 5. AS 43.55 is amended by adding a new section to read:

Sec. 43.55.022. Tax rebate for employing resident workers. (b) The amount of the rebate is equal to a percentage of the tax paid under AS 43.55.011(e)(1) based on the percentage of labor done by resident workers the cost of which is included in an allowable lease expenditure under AS 43.55.165. The amount of the rebate is equal to the following percentage of the tax paid under AS 43.55.011(e)(1):

(9) 20 percent if the percentage of labor done by resident workers is 100 percent.

(c) The percentage of labor done by resident workers is

(1) determined on a calendar year basis using the number of hours of labor the cost of which is a lease expenditure, and includes all hours of labor, regardless of whether a worker is paid on an hourly or some other basis; and

(2) a fraction the numerator of which is the number of hours of labor done by resident workers the cost of which is a lease expenditure, and the denominator of which is the number of hours of labor by all workers the cost of which is a lease expenditure, expressed as a percentage.

(d) To qualify for the rebate under this section, a person subject to tax under AS 43.55.011(e) shall file an application for the rebate at the time a statement must be filed under AS 43.55.030(a) for the calendar year for which the rebate is claimed. (f) A person claiming a rebate under this section has the burden of proving eligibility for the rebate, including a claim that an individual is a resident worker.

(g) The department shall report to the legislature the amount of rebates paid under this section and statistical information relating to the percentage of labor done by resident workers based on hours worked.
